

Residential Design

Patio and Gardens

- surveyed, designed and managed a \$24,000 patio, gardens, and drainage system implementation project
- consistent client communication and expectations
- Tools: hand drawing/rendering

Residential Design

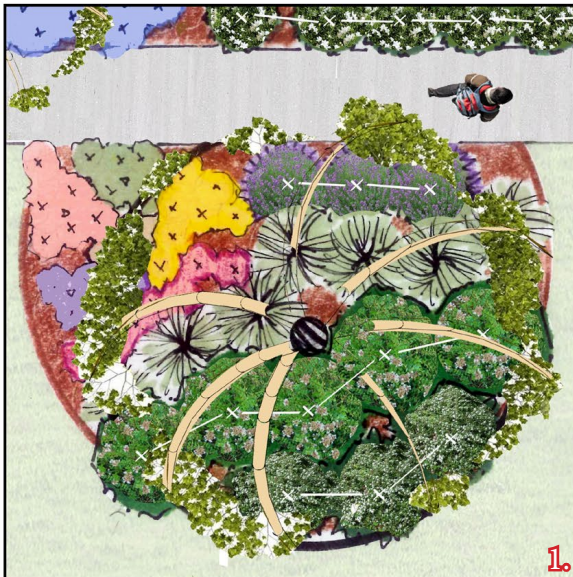

Rendering Examples

- highlighted sections of a planting plan show rendering technique

- hand rendering technique uses marker, pen, and colored pencil

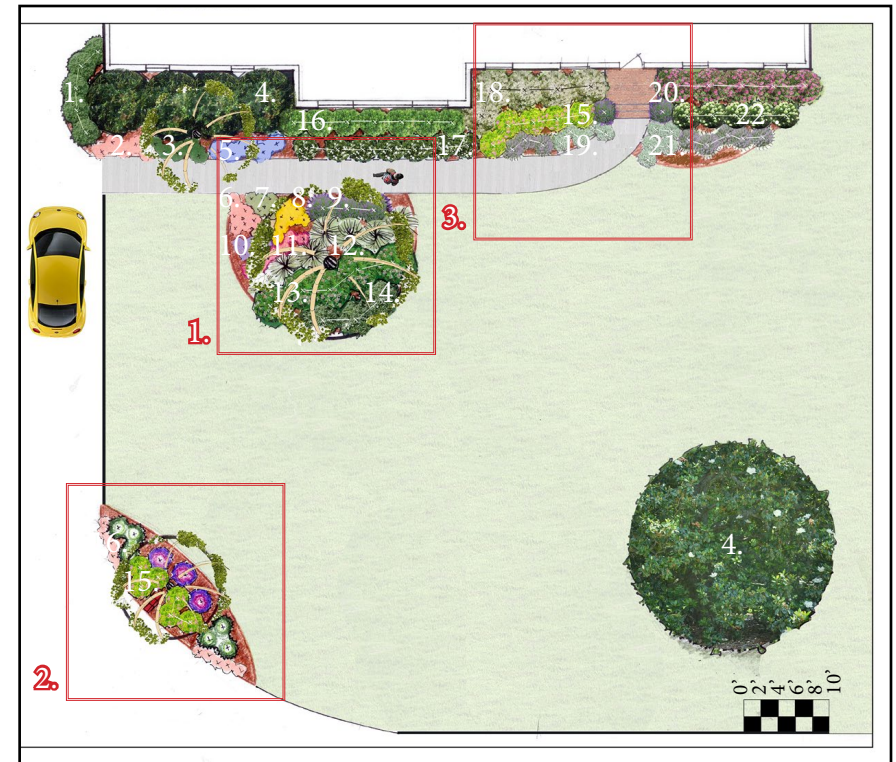

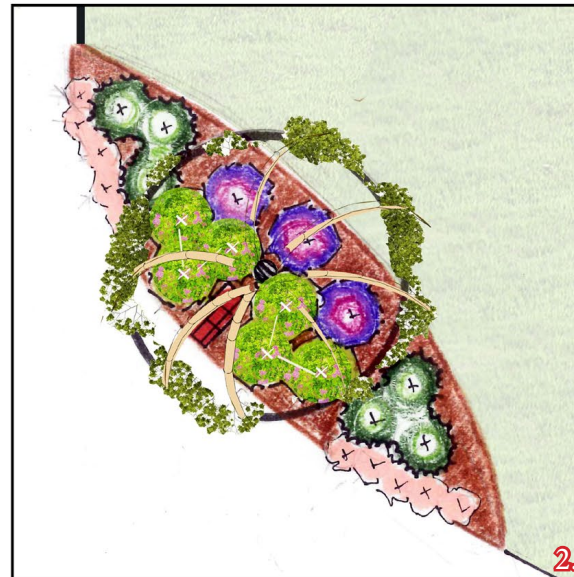

- Photoshop rendering takes images, effects, and drawings tools to blend the final illustration

Tools: hand drafting/rendering and Photoshop

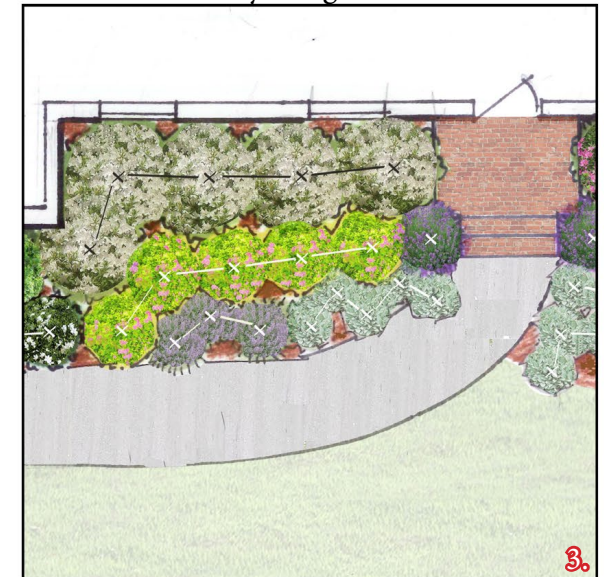

Plant List
